

AJ Hurley

Pro-Life Speaker, The White Rose Resistance (What is Child Sacrifice & How Do We End It?)

The story of my personal experience with the victims of choice and how God has called believers to end the worst human rights crisis of human history.

AJ Hurley is a national speaker, activist, and leader in the Pro-Life movement. He was one of the activists who exposed the box of unborn babies found in DC, March 25th, 2023. He helped to create the #JusticeForTheFive campaign to expose late term abortion. He also spent years exposing a fetal organ trafficking ring involving tax payer money for fetal tissue.

AJ has been a Neonatal Respiratory Care Practitioner for eight years. He spent a career putting little babies on life support prior to becoming a full time activist.

He worked as the National Director of Activism at Live Action and Survivors of the Abortion Holocaust before coming to The White Rose Resistance. There he serves as national organizer of outreach where he hopes to train and deploy a national movement of Christians to engage in the fight to end child killing.
