Guest speaker

### Creation, Evolution, and Science Ministries (CESM)

The message title Russ will share with us today:

**“False Christ Shall Arise”**

Though raised in a Christian home, Russ strayed from God during his college years where he was an all-division baseball player. As Russ puts it, “I was on my road to Damascus when, at the age of 30, I felt the Holy Spirit nudging me to return to Him.” Russ started attending church and grow as a Believer. Ten years passed as Russ grew in his faith and became a church Trustee, though believing that God had used ‘millions of years leading to evolution” to develop His creation. During this time, he also spent 18 years developing a nationwide management recruiting firm while building houses “on the side.” Then, during the summer of 1998 an event took place that would forever change the fortunes of the Miller family. Russ and

his wife, Joanna, obtained video tapes of several Creation speakers.

“When I saw the overwhelming facts which destroy Darwinism and ‘millions of years’ beliefs, combined with the facts which support the biblical accounts of creation and the global flood, I realized that I, and billions of others, had been fooled.” –Russ

Russ began intently studying the Creation-evolution issue, obtaining knowledge from Creation speakers, scientists and even the die-hard Darwinian faithful.

He felt God’s calling to do something more important than making money and in December of 2000, Russ gave away his business to a valuable co-worker and began Creation, Evolution & Science Ministries [CESM].

Russ’ motto is: “You don’t have to believe anything I tell you. All I ask is that you look at what I show and weigh it against anything that has you believing in anything other than what the Bible says.” For anyone who does so, it is, as Russ says, a *no brainer*.
