

Parson to Person
Dr. Andy Woods
(The Middle East Meltdown)

Dr. Andy Woods will be teaching a brief study about the Middle East meltdown. God's prophetic word indicates that Israel would become the centerpiece of the world in the last days. The Hebrew word that is used to describe this reality in Ezekiel 38:12 is the word that is used for the navel or the belly button. Just as the belly button is the center of the body, the nation of Israel, in general, and the City of Jerusalem, in particular, will become the center of divine activity in the last days. The sermon today will explore how this prophecy is now in play and in the process of being fulfilled before our very eyes.
